Happy Spring to everyone in Scanlon.

As the grass is now green and you start your mowing season I would like to remind everyone that, when you are raking up your yard and mowing do NOT put leaves and grass onto the city streets or in the ditches. Leaves and grass clippings can clog our city sewer system, it is also very dangerous for people that are out riding bikes and motorcycles.

Spring is also a reminder that when you are out walking your pets, please bring a bag with you to pick any deposits they may leave. You may be responsible for a \$25.00 fine if reported for not picking up after your pets. City of Scanlon has a leash law and all dogs and cats need to be on a leash.

Want to get involved? We have a couple of different ways you can do that.

- 1) We have one open seat open on the Park Board.
- 2) We are also looking for residents who may be interested in serving as election judges during the primary and special election. The pay for an election judge is \$12.00/hour. If you are interested please fill out the application on the back and return to the City Clerk by July 8, 2022.
- 3) Seats up for election are a 4 year mayor position, two 4 year council member positions and one 2 year special council member term.

I also wanted to take a moment to highlight a few ways to speed up your water/sewer bill payment process. One of the many ways to pay your bill is by going to allpaid.com and entering Pay Location Number "a001iw", we receive an e-mail when payments are made this way. If you're finding yourself impatiently waiting for your bill you can certainly call the City Clerk at 218-879-4578 and request your bill be e-mailed to you vs being sent via snail mail.
