Amanda Smith was present to discuss the proposed rent amount for the previous City Council Chamber (1st room on the left when you walk in). Council initially wanted the rent to be \$800/month during the school year and \$1700/month during the summer months. Amanda requested the rent be reduced to \$700/month during the school year and \$1700/month during the summer months. All Building Committee members were in agreeance with the new rent amount and will suggest this amount at the February 2024 City Council meeting. Amanda would like her move in date to tentatively be June 1, 2024 with set up starting May 1, 2024
